Share Transfer Due to Reviewed Criteria

Article 6

- (2) Should, in accordance with Article 16 of the Rules, the Exchange find the issuer to be non-compliant over two (2) consecutive review periods from the previous paragraph with the criteria specified in Article 16 (2) of the Rules, the Exchange shall inform thereof the issuer in writing within 10 days after the date of the periodic review and invite it to make a statement about it. Thereupon the Exchange may adopt a resolution on the transfer of the relevant shares to the highest possible equity market segment for which they meet the relevant conditions and criteria. The Exchange shall inform all member firms and the public of a share transfer into a lower market segment not later than three days prior to the transfer.
- (3) In case of extraordinary events, the Exchange may also examine the meeting of conditions and criteria for transferring shares to Prime Market listing. Reasons for extraordinary reviews are predominantly:

Listing, Monitoring and Transfer of Financial Instruments on the Sustainable Financing Market

Article 7a

- (1) Pursuant to Article 57a of the Rules, in the decision-making process for listing financial instruments on the Sustainable Financing Market, the Exchange shall verify whether the issuer has committed to one or more sustainability objectives in terms of environmental protection, social justice and/or corporate

governance (hereinafter referred to as "ESG Criteria") when issuing the financial instrument, and the Exchange shall deem that these are met:

1. if the issuer has issued the financial instrument in accordance with one of more widely established ESG standards (such as e.g. ICMA Green Bond Principles, ICMA Social Bond Principles, ICMA Sustainability Bond Guidelines, EU Green Bond Standard, etc.) or other ESG standards, recommendations, guidelines that the Exchange deems appropriate; and
 2. if the issuer has committed in the application for listing of the financial instrument on the Sustainable Financing Market to publish publicly on an annual basis a report on its compliance with its ESG commitments in relation to the ESG instruments issued.
- (2) Notwithstanding the provision of the preceding paragraph, for financial instruments whose issuer is the Republic of Slovenia, only compliance with point 1 of the preceding paragraph shall be required for listing on the Sustainable Financing Market.
- (3) The issuer may request the listing of a financial instrument on the Sustainable Financing Market for financial instruments:
1. not yet listed on the Stock Exchange Market: in this case, the Stock Exchange shall decide on the listing on the Sustainable Financing Market;
 2. already listed: in this case, the Stock Exchange shall decide by decision only on the transfer to the Sustainable Financing Market.
- (4) Listing on the Sustainable Financing Market shall be technically carried out by placing it in a specific segment of the Stock Exchange Market, where it is classified according to the type of financial instrument and the fulfilment of the conditions for listing, and assigning it a specific ESG instrument code, which shall be visible in the price list, published on the website.
- (5) In addition to the basic issuer notification obligations applicable to the particular segment of the Stock Exchange Market on which the financial instrument is listed, issuers on the Sustainable Financing Market are obliged to publish once a year (for the first time within twelve (12) months of issuance) and at maturity on their chosen publication venue a report showing how the issuer is meeting the ESG commitments made in relation to the ESG instruments issued (hereinafter referred to as the "ESG Instrument Annual Report"). This annual report shall be prepared by the issuer in accordance with the ESG standard, recommendations, guidelines under which the financial instrument was issued and shall, as a general rule, contain in particular the following information:

 2. an assessment of the expected impact on relevant areas of sustainable development (environment, social justice, governance),
 3. whether an external review of compliance with the selected ESG standard has been carried out, etc.
- (6) The Exchange monitors issuers' compliance with their commitments in the Sustainable Financing Market once a year in an ESG criteria audit. In the event that the Exchange finds in the audit that the ESG criteria are not met, the Exchange may transfer the financial instrument from the Sustainable Financing Market in accordance with Article 57(2) of the Rules.
- (7) Notwithstanding the preceding paragraph, an Exchange may decide not to carry out the procedure of transferring a financial instrument from the Sustainable Financing Market in order to take into account

specific market circumstances (e.g. changed trading conditions) and shall provide specific reasons for this in the decision.

- (8) The Exchange shall inform the issuer, the exchange members and the public of its decisions under this Article.

Article 8

- (1) In accordance with Article 45 of the Rules, in deliberating on the listing of money market instruments (such as treasury bills and commercial papers) the Exchange applies the procedure stipulated in Article 40 of the Rules for bond listing procedures. The issuer, or person that may apply for the listing of a money market instrument on the Exchange under the provisions of the ZTFI-1, either working towards listing their instruments, shall file the application form from the attachment of these Instructions along with a Listing Agreement, which together constitute the application for the listing of money market instruments to the stock exchange market.

In such a case the Listing Agreement shall terminate upon the last issue, which is the subject of such a Listing Agreement, being delisted from the stock exchange market.
- (4) The basic information on a money market instrument published by an issuer prior to the start of trading contains at least the following information:
 1. information on the money market instrument for which listing on the stock exchange market is requested;

Article 9 a

- (1) The issuer or person eligible under the provisions of the ZTFI-1 to apply for the listing of a security to trading on the stock exchange, must inform the Exchange of any changes in bonds which affect the position of bondholders in relation to the issuer and provide the Exchange with:

- (4) On the basis of a received Application for Change in a bond, the Exchange, if necessary, reconciles information on changed conditions and other provisions regarding the bond with the central registry and issues a resolution on the change in a relevant bond, provided that it finds the application for change well-grounded. The change in the bond may be made in the Exchange's trading system immediately after the appropriate entry into central registry is made.

- (5) Where there is a change in the features of a bond which is foreseen and forecast in advance according to the prospectus (e.g. a change in the nominal value of the bond in accordance with the issuer's amortisation plan published in advance) and it is an adjustment to the data calculated by the KDD, the exchange shall implement the change in the exchange's trading system on the basis of a notification received from the KDD.

4. TEMPORARY SUSPENSIONS OF TRADING AT ISSUER'S REQUEST

Special Reasons for Temporary Suspension of Trading

Article 10

- (1) In accordance with Article 31 of the Rules, the Exchange may temporarily suspend trading in securities or money market instruments on the stock exchange market if it receives a well-grounded written application from the issuer for a temporary suspension of trading in its securities or money market instruments. The temporary suspension of trading may last up to one trading day, unless the circumstances of a case of the issuer's application demand a longer halt.
- (2) The application shall be considered well-grounded if it indicates that:
1. the temporary suspension is necessary for reasons related to the issuer's obligation regarding the publication of a prospectus;
or that:
 1. an important business event (e.g. the signing/cancellation of a contract, etc.) occurs during trading hours, and
 - the issuer is unable to ensure the confidentiality of the relevant information until proper public announcement is possible, and
 - the issuer intends to ensure proper public disclosure of the relevant information as soon as possible;
or that:
 1. a temporary suspension of trading is necessary due to procedures to be carried out in the KDD (Slovene Central Securities Clearing Corporation) central registry and for other just reasons (e.g. extension of suspension of trading);
or that:
 1. circumstances had arisen that could lead to compulsory settlement or bankruptcy proceedings of the issuer or other proceedings in accordance with Financial Operations, Insolvency Proceedings and Compulsory Dissolution Act (ZFPPIPP), and:
 - there have been speculations raised by the media about the financial health of the issuer and its future operations, which the issuer cannot comment, or
 - an important business event has occurred or a key decision has been adopted by the issuer, which will impact the company's future operations, but since the decision was adopted independently of the company's management and supervisory bodies the issuer was unable to ensure a proper public announcement; and
 2. circumstances had arisen due to which the company's management has filed or intends to file for bankruptcy in accordance with ZFPPIPP;
 3. a resolution on initiation of bankruptcy proceedings was issued, which has not yet become final, whereby the application for a temporary suspension of trading is filed by an Official Receiver,
- or that:
1. the shareholders adopted a resolution on AGM on the minority squeeze-out and transfer of shares to the majority shareholder.
- (3) In the Application (Attachment 5) referred to in par. 1 of this Article, the issuer shall provide the following data:

1. firm and registered office of issuer,
2. security, being the subject of the Application, and its security symbol,
3. seal and signature of an authorised person of the issuer,
4. contact person of the issuer, telephone and email,
5. just reasons for temporary halt, along with requested attachments,
6. exact time (date, time) of the suspension of trading.
7. proposed date for the resumption of trading in securities.

The issuer shall submit the Application referred to in par. 1 of this Article to the Exchange in the manner stipulated in Chapter 8 hereunder.

- (4) In accordance with Article 43 (1) of the Rules it is considered that, in cases of changes in the features of bonds which result in expiration of the existing liabilities arising from bonds and formation of a new liability, these bonds no longer meet the conditions for trading. The Exchange thus deliberates in accordance with the procedure of a temporary suspension of trading in bonds and delisting bonds referred to in Article 43 and 44 of the Rules and Article 14 hereunder. The Exchange deliberates on the future trading on the stock exchange market of the bond, which is formed due to such changes, in accordance with the listing procedures referred to in Article 40 of the Rules.
- (5) In accordance with Article 45 of the Rules, the Exchange deliberates on a temporary suspension of trading in money market instruments according to the procedure stipulated in Article 43 of the Rules regarding procedures for bonds and according to this Chapter hereunder. Special provisions regarding temporary suspensions of trading in money market instruments are also given in Article 15 hereunder.
- (6) The Exchange shall determine the date referred to in the first paragraph of Article 32.a of the Rules based on its own assessment of all relevant circumstances. In its decision-making, it shall take into account the principles set out in Article 11.a of these guidelines and the proposed date submitted by the issuer, while also pursuing the objective that the temporary suspension of trading lasts for the shortest possible time.

Procedure in the case of a longer temporary suspension of trading
Article 10 a

- (1) The issuer must, in accordance with the second paragraph of Article 32.a of the Rules, inform the Exchange of all circumstances affecting the duration of the temporary suspension of trading. As soon as the issuer determines that the reasons for which trading has been suspended will also exist after the date of the Exchange's reassessment of the reasons for the temporary suspension referred to in the first paragraph of Article 32.a of the Rules, it shall:
 - notify the Exchange of this,
 - submit a completed request for the extension of the temporary suspension (Annex No. 5), and
 - publicly disclose the reasons for the extension of the temporary suspension by publishing them at the selected disclosure venue for regulated information.

The issuer shall act in accordance with this paragraph regardless of whether the suspension was requested by itself or not. The Exchange, applying mutatis mutandis the provisions on the temporary suspension of trading, shall decide on the issuer's request for an extension and shall publicly disclose the decision, together with the reasons for the extension of the temporary suspension.

- (2) If the issuer whose securities are suspended does not submit a request to the Exchange for an extension of the suspension, or does not inform the Exchange that the reasons for the suspension of trading are no longer present at least three (3) days before the date determined in the first paragraph of Article 32.a of the Rules, the Exchange shall:
 - decide on the extension of the suspension or the resumption of trading on the basis of the issuer's initial request, or, if such request does not exist, on the basis of the second paragraph of Article 31 of the Rules,
 - publicly disclose the decision, including the reasons for the decision, on the SEOnet portal, and
 - inform the Agency in advance of the intended decision.
- (3) In any case, the Exchange shall resume trading immediately once it determines that the reasons for the suspension of trading are no longer present, except where otherwise provided by the Rules or these guidelines.

Special Rules for Temporary Suspension of Trading in case of Circumstances that could Result or have Resulted in Insolvency Proceedings or Compulsory Settlement

Article 11

- (1) Should the issuer assess there to be uncertain circumstances due to which the public speculates about the company's future operations, it may file with the Exchange an application for suspension of trading, in accordance with indent 4 of Article 31 (1) of the Rules. In the event that a resolution on initiation of bankruptcy proceedings was issued against an issuer, the Official Receiver shall submit to the Exchange the application for temporary suspension of trading, which lasts until the finality of the resolution on initiation of bankruptcy proceedings.
- (2) Should trading be suspended at the issuer's request, due to circumstances that could result in insolvency proceedings or compulsory settlement in accordance with Financial Operations, Insolvency Proceedings and Compulsory Dissolution Act (ZFPPIPP), the temporary suspension of trading may last up to 10 consecutive trading days, unless the issuer files an application for a renewal of the suspension of trading.
- (3) The Exchange shall resume trading once an adequate public announcement has been made, which is not later than on the 11th trading day of the suspension of trading, unless:
 1. the issuer files a well-grounded application for a renewal of the suspension of trading;
 2. the issuer undergoes bankruptcy proceedings.

In case of initiated bankruptcy proceedings in an issuer when conditions for delisting have not yet been met (e.g. the resolution on initiation of bankruptcy proceedings has not become final), the temporary suspension of trading may last up until the security is delisted.

- (4) In its press release upon resumption of trading, the Exchange shall notify investors of the special circumstances affecting the issuer.
- (5) In accordance with regulations, the issuer shall be obliged to promptly meet its disclosure obligations and ensure an appropriate public announcement of the agreement reached with creditors and consequences of adopted measures. The issuer should also ensure a prompt disclosure of all relevant

events, decisions and anticipated consequences related to the compulsory dissolution proceedings, bankruptcy proceedings or liquidation.

Criteria for Assessment of Circumstances that Require the Safeguarding of Investors' Interests

Article 11a

- (1) In the event that, within the framework of monitoring compliance with the conditions for trading with securities or within the framework of monitoring compliance with the disclosure obligations of regulated information of issuers, the Exchange discovers facts or circumstances that might require safeguarding of investors' interest, the Exchange assesses these facts and circumstances in the light of the criteria for ensuring the protection of investors' interests.
- (2) Criteria for ensuring the protection of investors' interests in accordance with Article 31 (2) of the Rules are the following:
 - uniform informing of investors is provided;
 - published information about the issuer and its shares offers adequate basis to uninformed investors for reaching their key investment decisions regarding these shares;
 - on the basis of the published information the status and content of the rights arising from the shares are clear and unambiguous;
 - the features of shares enable fair, orderly and efficient trading;
 - trading in shares on the stock exchange market is in the interest of not only the existing shareholders but also in the interest of potential new investors;
 - circumstances related to the issuer do not provide for fair, orderly and efficient trading with the shares of the issuer on the stock exchange market, etc.
- (3) Temporary suspension of trading due to safeguarding of investors' interests can be implemented if in an individual case the Exchange discovers that an individual criterion or more criteria are not met. Which criterion will be considered in a specific case depends on each individual case, whereby the following criteria are mainly taken into account:
 - characteristics and legal status of an individual security;
 - segmentation of a security;
 - the type of need for safeguarding of investors' interests;
 - discovered deviation within the framework of monitoring an issuer and its security, etc.

 1. the issuer,
 2. the person at whose request (but without the issuer's consent) the shares were listed on the stock exchange market.
- (2) In the event of an effective resolution on the delisting of its shares from the regulated market, the issuer shall file with the Exchange the Application for Delisting Securities from Stock Exchange Market (Attachment 6) and supplement it with:

On the basis of the filed documentation and in compliance with the issuer's Application, the Exchange shall halt trading in the respective security until it is to be delisted.
- (4) On the day shares are delisted, the Listing Agreement shall terminate.

Special Rules for Delisting Shares upon Initiation of Bankruptcy Proceedings of Issuer

Article 13

- (1) Should an issuer undergo bankruptcy proceedings, its shares shall be delisted in accordance with Articles 34 and 35 of the Rules, either following the application for delisting from the stock exchange market filed by the Official Receiver (evidence of finality of the court's resolution on initiated bankruptcy proceedings) or on the basis of the Exchange's measures (after having received the notice by central depository – KDD on deletion of shares from the central register).
- (2) In cases of issuers' compulsory settlement, their shares shall normally not be delisted, unless its AGM had adopted a resolution on delisting from the regulated market or unless other general reasons call for it, as given in Article 34 of the LJSE Rules (e.g. measures by supervisory bodies, etc.).

Delisting Bonds

Article 14
